Individuals who are 200% of the federal poverty level (please see table below) and meet eligibility guidelines are able to receive a 100% discount for services! If you receive Medicaid or food stamps (SNAP), you are automatically eligible for a 100% discount.

The Carle Community Care Discount Program

- Individuals whose annual household income is at or below 200% of the FPL are eligible for a 100% discount, and people with higher incomes can receive discounts on a sliding scale.
- Discounts can cover past bills (there is no “look-back” period), even those that have been sent to collection agencies.
- Discounts apply to all medically necessary hospital and clinic bills, but do not cover oral surgery or prescription medications.
- Discounts are given for one year, and an individual can reapply each year to renew their application.
- Both insured and uninsured people are eligible.
